STAMP OUT CANCER Now

My name is Jason. In 2012 I was diagnosed with Testicular Cancer. About 4 months after my surgery, I had to have chemotherapy for 9 weeks. My experience was unlike any other that I have ever experienced before. I want to help people who went through the same terrifying experience as I did.

To help donate please purchase one of my **STAMP OUT CANCER** Squished Pennies and/or Key Chains.

Squished Penny.....\$3.00

Key Chain.....\$5.00

All of the net proceeds will be donated to the LIVESTRONG Foundation
